In the middle of the 18th century, Marx and Engels examined the characteristics of the youth group under the background of the industrial revolution, explained the historical position and important mission of the youth group, criticized the capitalist system and bourgeois education<sup>[1]</sup>, and advocated that the youth group should be developed in an all-round way, so that the Marxist view of the youth was gradually formed. After that, the Marxist classical writers continue to enrich and develop it, and gradually form the Chinese Marxist youth view. Under his guidance, we have made great achievements in our youth work. Reviewing the history and summarizing the experience, how to continue to promote the youth work in the new era is worth our in-depth study.

## 1. Adhering to the organization and leadership is the foundation of promoting youth work

History has fully proved that organizational leadership is the decisive factor for the victory and success of all undertakings. Only strong organizational leadership can correctly grasp and promote youth work. Over the past hundred years<sup>[2]</sup>, the youth work of the Communist Youth League has always adhered to the organization and leadership, and always put the organization and leadership in the primary position of the youth work, which is the fundamental experience of the Communist Youth League to promote the steady and long-term development of the youth work. Strengthening organizational leadership is the fundamental guarantee for the Party's mass work. Under the leadership of the organization<sup>[3]</sup>, the Communist Youth League has actively promoted the youth movement, carried out the mass development path with Chinese characteristics, and continuously integrated youth development into the modernization of the national governance system and governance capacity, fully demonstrating the glorious history of Chinese youth in the past century. The Communist Youth League is a gathering place for a large number of young people<sup>[4]</sup>, an intermediate link between the youth groups and the organization, and a powerful assistant of the organization. The Communist Youth League should always adhere to the new ideas, actively handle the relationship with the organization, actively cooperate with the actions of the organization, consciously accept the leadership of the organization, and constantly create the socialist development path of the masses with Chinese characteristics<sup>[5]</sup>. Organization and leadership is the fundamental experience of the Communist Youth League's centennial practice, so we should always unwaveringly adhere to the organization of the Communist Youth League and youth work leadership.

## 2. Adhering to ideals and beliefs is the political soul of promoting youth work

Ideal and faith is a person's eternal pursuit and belief, which carries a person's spiritual world and the code of conduct. For the youth group, the highest level of ideal and faith is to realize the lofty ideal of communism and the common ideal of socialism with

Chinese characteristics. Ideal and faith are the political soul of the Communist Youth League to promote youth work<sup>[6]</sup>, and the spiritual “calcium” of the youth. Spiritual calcium deficiency will cause rickets, and it will swing in front of the wind and rain. History has fully proved that only by always holding high the banner of communism and socialism can the Communist Youth League form the strongest unity and forge the most effective organization<sup>[7]</sup>. Over the past hundred years, the Communist Youth League has strengthened its ideals and beliefs in the changing environment, adhered to the correct political direction, and grasped the main contradiction in the development of things. At the same time, the communist youth league also always guide the youth firm ideal faith, always adhere to the latest achievements of marxism theory to arm the youth, guide practice<sup>[8]</sup>, guide the youth firmly establish the communist lofty ideal and the common ideal of socialism with Chinese characteristics, implement and practice the socialist core values, lead the youth in the arduous struggle sublimation ideal faith, enhance the psychological ability and resistance ability, and use the language of youth system, way of thinking to expounds the party of the claim, through the combination of online, improve the guiding force of youth group, persuasive, let the youth group in the innovation of youth. Where the young people go<sup>[9]</sup>, there is a direction problem, the Communist Youth League must guide well. To strengthen the political guidance of the youth group and the Communist Youth League, the first and most important issue is the direction. We must continue to guide the young people to view and analyze problems with the Marxist scientific world outlook and methodology.

### **3. Taking root in the young people is the source of vitality to promote youth work**

The youth work of the Communist Youth League aims to help and serve the youth, respect their wishes and meet their development needs. Taking root in the young people is the source of vitality of the Communist Youth League to promote youth work. The Communist Youth League has always emphasized the development of the national cause<sup>[10]</sup>, and the youth group needs to develop first. We should expand the field of youth work according to a series of new changes and developments in the study, work and lifestyle of the youth group, take root in the majority of young people, and grasp the law of their physical and mental development. Over the past hundred years, every generation of young people has been faced with various challenges. Their growth and development have been influenced by the background of The Times<sup>[11]</sup>, and their physical and mental development has also been deeply affected. Today’s world is full of diversity and complexity, which makes the contemporary youth group more flexible, sensitive in thinking, more avant-garde in views, and more participatory in spirit. However, the youth groups have their own limitations, their life experience is not rich, easy to think about and solve problems from their own perspective, from a more ideal perspective. In view of this, the youth work of the Communist Youth League needs to focus more on the special physical and mental development law of the youth group itself. On the basis of respecting the basic principle of putting the youth first, we should sincerely listen to the voices of the youth, understand their lives, help them answer doubts and doubts, take root in the young people, and become bosom friends who are willing to tell the truth, make sincerity and tell the truth, so that the youth work can work in the same direction with the development of the cause of the country.

### **4. Paying oneself to national rejuvenation is the advancing force to promote youth work**

The youth group are the successors of our great cause. To realize the Chinese dream of the great rejuvenation of the Chinese nation requires countless young people, but the youth themselves have the weakness of lack of experience and understanding. In one hundred, the communist youth league always adhere to the latest marxist theory to arm youth, guide practice, guide youth firmly establish a communist broad ideal and the common ideal of socialism with Chinese characteristics, the implementation and practice the socialist core values, lead the youth in the arduous struggle sublimation ideal faith, let the youth group in innovation create coruscate the light of youth. Looking back on the road<sup>[12]</sup>, stride on a new journey. Youth is the product of The Times, and the prosperous age is the stage of youth. Youth is the future of the country, which contains countless energy, but also breeds infinite hope. The enthusiasm of each generation of young people constitutes the impetus for the continuous development of the society. Over the past hundred years, the Communist Youth League, based on the development of the cause and the youth movement, has constantly adjusted the youth work institutions and maintained the heart and heart to the youth. In the future, “how to better unite and organize the youth” is a major issue of The Times that must be answered in the field of youth work in the new era. Know history to vision, understand history can travel, in order to better answer the era topic, the communist youth league to promote youth work to constantly summarize historical experience, expanding effective coverage of youth work, the work extends to the youth where most need, with high attitude to promote youth work, care, youth and all types of youth organizations together, promote the new era of the communist youth league youth work certainty, mass transfer efficiency.
