In This Process, "The Combination Of The Two" Was Put Forward, And Became The Guiding Ideology Of The Cause Of The Chinese Nation Liberation Under The Leadership Of The Communist Party Of China. This Paper Will Discuss The Significance Of "The Combination Of Two" And Elaborate It From Two Aspects Of Theory And Practice. Theoretically, The "Two" Means The Combination Of Marxist Principles With China's Concrete Reality, Which Provides The Ideological Guidance For The Cpc To Formulate The Correct Line And Policy; In Practice, The "Two" Advances China's Revolution And Construction. This Paper Holds That The Combination Of The Two Is The Theoretical Cornerstone Of Socialism With Chinese Characteristics And The Core Values Of Socialism With Chinese Characteristics Under The Leadership Of The Communist Party Of China.

Keywords: Sinicization Of Marxism; "Combination Of Two"; Meaning; Discussion

Marxism Is One Of The Most Important Theoretical Systems In The Contemporary World. It Is Not Only The Cornerstone Of Philosophy, Economics, Political Science And Other Disciplines, But Also The Guiding Ideology Of The International Communist Movement. In China, The Spread And Development Of Marxism Has Gone Through a Long And Tortuous Course, Among Which The Most Important One Is The Process Of Sinicization Of Marxism. In This Process, "The Combination Of The Two" Was Put Forward, And Became The Guiding Ideology Of The Cause Of The Chinese Nation Liberation Under The Leadership Of The Communist Party Of China. This Paper Will Discuss The Significance Of "The Combination Of Two", From Two Aspects Of Theory And Practice, Aiming To Explore The Spread And Development Of Marxism In China, To Provide Theoretical Support For The Development Of Socialism With Chinese Characteristics.

1. The Theoretical Significance Of "The Combination Of The Two Things"

The Theoretical Basis Of "The Combination Of Two" Is Dialectical Materialism And Historical Materialism. Dialectical Materialism Holds That All Things Are Interrelated And Interactive, And Only Through The Struggle Of Contradictions Can We Realize The Development Of Things. Historical Materialism Holds That The Development Of Society Is a Historical Process, And The Human Society Is Constantly Developing In The Class Struggle. In The Process Of Sinicization Of Marxism, The Combination Of Two Is The Combination Of Marxist Principles With China's Concrete Reality^[1]. This Combination Is Not Only The Understanding And Understanding Of Marxism, But Also An In-Depth Discussion Of The Practice Of Chinese Revolution And Construction. The Combination Of The Two Is Actually a Concrete Way To Combine Marxism With The Practice Of Chinese Revolution And Construction. It Embodies The Thought Of Combining Marxist Theory With The Actual Situation Of China, And Is a Theoretical Method And Practical Method Formed Under The Special Historical Conditions Of China, Which Has Important Theoretical Significance. First, "The Combination Of The Two " Is The Creative Application Of Marxist Principles. Some Special Problems In The Practice Of Chinese Revolution And Construction, Such As The Contradiction Between China's Rural Areas And Cities, The Relationship Between Agriculture And Industry, China's Unique Social System And Cultural Traditions, Make The Principles Of Marxism Need To Be Appropriately Adjusted And Supplemented. Therefore, "The Combination Of Two" Is The Combination Of Marxist Principles With China's Concrete Reality, And Realize The Mutual Integration Of Marxism And Chinese Practice, So That The Spread And Development Of Marxism In China Has a Richer Connotation And More Profound Significance. Secondly, "The Combination Of Two" Is An In-Depth Discussion Of Chinese Revolution And Construction Practice. China's Revolution And Construction Practice Is a Historical Process With

Its Own Characteristics, Which Must Formulate Revolutionary And Construction Routes And Strategies Suitable For China's National Conditions According To China's Actual Conditions. The "Combination Of The Two" Is To Make An In-Depth Discussion And Application Of Marxism According To The Special Historical Conditions And Social Reality Of China, Thus Providing The Theoretical Basis And Practical Guide With Chinese Characteristics For The Chinese Revolution And Construction^[2]. Finally, "The Combination Of The Two" Is The Unification Of The Cosmopolitan And Sinicization Of Marxism. Marxism Is A Universal Scientific Theory, But It Must Be Combined With The Local Actual Situation In The Specific National And Regional Practice. The "Combination Of The Two" Is To Find A Unified Way Between The Cosmopolitan And Sinicization Of Marxism, Organically Combining The Universality And Particularity, Forming A Theoretical System With Chinese Characteristics, And Providing Theoretical Support And Ideological Guarantee For The Development Of Socialism With Chinese Characteristics.

2. The Practical Significance Of "The Combination Of The Two Things"

"The Combination Of The Two" Not Only Has Important Theoretical Significance, But Also Plays An Important Role In The Practice Of China's Revolution And Construction. First Of All, The Combination Of The Two Principles Has Guided The Practice Of China's Revolution And Construction. In The Course Of Revolution And Construction, The Communist Party Of China Has Always Adhered To The Principle Of "Combining The Two Principles" And Constantly Explored The Path Of Revolution And Construction That Suits China's Reality. This Principle Provides The Correct Theoretical Guidance And Action Guide For The Practice Of China's Revolution And Construction, And Promotes The Smooth Progress Of China's Revolution And Construction^[3]. Secondly, The Combination Of The Two Has Promoted The In-Depth Development Of China's Revolution And Construction. Under The Leadership Of The Communist Party Of China, China's Revolution And Construction Have Always Adhered To The Principle Of "Combining The Two Principles" And Constantly Explored The Development Path Of Socialism With Chinese Characteristics. This Principle Provides A Solid Theoretical Foundation And Action Guide For The In-Depth Development Of China's Revolution And Construction, And Promotes The All-Round Construction Of Socialism With Chinese Characteristics. Finally, The "Combination Of The Two" Has Enhanced The Confidence And Pride Of The Chinese People. In The Practice Of China's Revolution And Construction, It Has Always Emphasized China's Special National Conditions And Special History, Adhered To The Path Of Development With Chinese Characteristics, And Made The Chinese People Full Of Confidence And Pride In Their Own Country And Culture. This Principle Has Promoted The Positive Spirit Of The Chinese People, Enhanced The Confidence And Pride Of The Chinese People, And Provided A Solid Spiritual Foundation For The Development Of Socialism With Chinese Characteristics^[4].

3. The Realization Way Of "Two Combination"

As A Theoretical Method And A Practical Method, "The Combination Of Two" Needs To Find The Right Way To Realize It. In Practice, The Communist Party Of China And The Chinese People Have Found A Series Of Feasible Ways Through Continuous Exploration And Practice.

3.1 Studing The Basic Principles Of Marxism

Learning The Basic Principles Of Marxism Is The Basis For Realizing The "Combination Of The Two". Only By Mastering The Basic Principles Of Marxism Can We Better Combine Marxism With The Actual Situation In China. Therefore, The Communist Party Of China Has Always Been Paying Attention To The Study And Publicity Of The Basic Principles Of Marxism, And To Promote The Broad Masses Of The People To In-Depth Understanding Of Marxist Theory.

3.2 Analyzing The Specific Problems In The Practice Of Chinese Revolution And Construction

In The Practice Of China's Revolution And Construction, There Are Many Special Problems, Such As The Contradiction Between Countryside And City, The Relationship Between Agriculture And Industry, China's Unique Social System And Cultural Tradition, Etc. In Order To Realize The "Combination Of The Two", We Must Study These Specific Problems Deeply, And According To These Problems, Formulate The Revolutionary And Construction Routes And Strategies Suitable For China's National Conditions^[5].

3.3 Combining Chinese Historical And Cultural Traditions

China Has A Long History And Cultural Tradition, Which Have An Important Influence On The Development And Reform Of Chinese Society. Therefore, In The Process Of Realizing The "Combination Of Two", It Is Necessary To Fully Combine The Chinese Historical And Cultural Traditions, Inherit And Carry Forward The Excellent Chinese Traditional Culture, And Combine It With The

Modernization.

3.4 Drawing On International Experience And Achievements

Marxism Is An International Theory, And The Whole World Is Exploring How To Combine Marxism With The Actual Situation Of Its Own Country. Therefore, In The Process Of Realizing The "Combination Of The Two", China Can Also Learn From The Experience And Achievements Of Other Countries, And Constantly Improve And Enrich Its Own Theories And Practices.

3.5 Strengthening Theoretical Innovation And Practical Innovation

In Order To Realize The "Combination Of Two", We Must Constantly Strengthen The Theoretical Innovation And Practical Innovation. Only By Constantly Bringing Forth The New, And Constantly Looking For New Ways And Methods, Can We Better Realize The Combination Of Marxism And China's Actual Situation, And Provide Strong Theoretical Support And Practical Guidance For The Development Of Socialism With Chinese Characteristics^[6].

4. Conclusion

"The Combination Of The Two" Is An Important Theoretical And Practical Achievement In The Process Of Sinicization Of Marxism, And Is An Important Embodiment Of The Spread And Development Of Marxism In China. From The Perspective Of Theory And Practice, "The Combination Of Two" Is Of Great Significance And Provides Important Theoretical Support And Practical Guide For The Development Of Socialism With Chinese Characteristics. At Present, China Is Faced With New Historical Conditions And New Challenges. In The New Historical Period, It Is The Historical Mission Of The Communist Party Of China And The Historical Responsibility Of The Chinese People To Adhere To The Principle Of "Combining The Two" And Continue To Promote The Development Of Socialism With Chinese Characteristics.
